UVODNIK

Pozdrav dragi čitaoci,

Nadam se da ćete mi oprostiti što ću ovoga puta, dok pišem ovaj uvodnik, biti manje formalna nego inače. Verujem da razumete kakvo je zadovoljstvo, i meni i celoj redakciji magazina 'For You', to što smo sa vama u kontaktu punih petnaest godina. Smatram da smo tokom ovih godina, preko stranica našeg magazina, svi zajedno porasli u ličnom, akademskom i profesionalnom smislu. Za nas je još veće zadovoljstvo kada pomislimo da vas je tokom ovog perioda naš rad možda inspirisao, informisao ili čak zabavio. Ako smo postigli ovo, onda bez sumnje možemo da kažemo da smo ostvarili svoju misiju. Ujedno, dozvolite mi da još jednom putem ovog uvodnika, kao i mnogo puta do sada, kažem veliko hvala svima onima koji su ostali naši verni čitaoci i što nam pišu redovno. Ovo posebno raduje našu redakciju, jer pokazuje da smo na pravom putu i da vam je naš rad važan, a samim tim je važan i nama. Stoga vam se svi mi iz redakcije, u ovom jubilarnom izdanju povodom petnaestogodišnjice, srdačno zahvaljujemo na podršci. Takođe vam obećavamo da ćemo nastaviti maksimalno da se trudimo u ispunjavanju svih vaših zahteva i želja. Što se tiče sadržaja magazina, ovoga puta vam predstavljamo neke članke koji su po našem mišljenju možda bili najvažniji svih ovih godina. Na kraju, ostaje mi da vam poželim dobro zdravlje i napredak tokom sledećih godina naše saradnje.

**Sve najbolje,
Leonora**

EDITORIAL

Greetings dear readers,

I hope you will forgive me that this time while I write this editorial I will be a little bit less formal than usual. I believe you also understand what a pleasure is for me and the entire staff of 'For You' magazine, that we have had the opportunity and the pleasure to stay in contact with you for fifteen years now. I feel that during these years, through the pages of this magazine, we have all grown together in the personal, academic and professional level as well. The pleasure is even greater for us when we think that during this time our work might have inspired, informed or even entertained you. If we have achieved this, then without a doubt we can claim that we have accomplished our mission. At the same time allow me to once more, through this editorial, as many time times in the past, say a big thank you to all of you that have remained our faithful readers and for writing regularly to us. This is particularly satisfying to our editorial office as it shows us that we are on the right path and that our work is important to you and as such is important to us as well. Therefore in this jubilee edition of the 15th anniversary we from the editorial office thank you for your support. We also promise you that we will continue to put our best efforts to respond to your requests and wishes. The origins of the school date back to the early development of this municipality. The Zvečan High School is located in the same building as the Municipality of Zvečan. It occupies one third of the total building surface, but the lack of space, especially of a school yard, is evident.

OSNOVNA ŠKOLA 'STAJA MARKOVIĆ' U ŠTRPCU

Direktora ove škole, gospodina Mileta Stojanovića, smo u njegovoj kancelariji zatekli u jednom drugačijem izdanju - kako na monitoru nadgleda učenike po hodnicima, fiskulturnoj sali i školskom dvorištu. Prema njegovim rečima, ovo je najbolji način da škola funkcioniše onako kako treba, kako bi se izbegli bilo kakvi ekcesi među decom. „S ponosom mogu reći da su međuljudski odnosi u našoj školi izvanredni. ELEKTROTEHNIČKA ŠKOLA 'MILADIN POPOVIĆ' SUŠICA

Razmišljajući o školi koju bismo mogli da vam predstavimo ovog meseca, odluka je pala na srednju Elektrotehničku školu „Miladin Popović“ (popularno; ETŠ) u Sušici i posetivši je shvatili smo da smo napravili sjajan izbor.

Ova škola spada u jednu od najopremljenijih srednjih škola na centralnom Kosovu, kada je kvalitet i sprovođenje stručne i praktične nastave u pitanju. Naravno, sve ovo ne bi bilo moguće bez stručnog nastavnog osoblja, pa tako u ovoj srednjoškolskoj ustanovi predaju profesori sa, isključivo, visokom stručnom spremom! Trećinu nastavnog kadra čine profesori sa zvanjem inženjera, a preostali stručni kadar je u potpunosti kvalifikovan za obavljanje nastavničkog posla.

HIGH SCHOOL OF ELECTRICAL ENGINEERING 'MILADIN POPOVIĆ' SUŠICA

Thinking about the school we could present you this month, we decided to pick the Electrical Engineering

High School "Miladin Popović" (known as ETŠ) in Sušica. When we visited the school we realized that we made a

great choice. This is one of the best equipped secondary schools in central Kosovo in terms of quality of practical and vocational education and training. Of course, all this wouldn't be possible without a professional teaching staff. Thus, only professors with a university degree work in this secondary school! One third of the teaching staff are professors with the title of engineer, while the remaining lecturers are fully qualified to teach.

najmanjih problema. Čak su i roditelji veoma zadovoljni zbog ovih kamera, jer se i oni osećaju sigurnije kada znaju da je sve pod kontrolom i da se njihovo dete prati sve vreme, što je svrha škole," rekao je g-din Stojanović.

PRIMARY SCHOOL 'STAJA MARKOVIĆ' IN ŠTRPCE

We found the Director of the school, Mr. Mile Stojanovic, in his office in a different set up – while supervising students in the hallways, the gym and schoolyard via monitor. According to him, this is the best way for the school to function properly, in order to avoid any excesses among children. "I am proud to say that the relationships in our school are outstanding. We do not have even a slightest problem. Even the parents are very pleased with these cameras because they feel safer when they know that everything is under control and that their children are monitored all the time, which is the purpose of school," Mr. Stojanovic said.

OSNOVNA ŠKOLA 'DESANKA MAKSIMOVIĆ' - KOSOVSKA KAMENICA

Osnovna škola "Desanka Maksimović" u Kosovskoj Kamenici, osnovana je davne 1870.godine. U početku, škola radi u sastavu tamošnje crkve, a 1906. godine prelazi u posebnu zgradu. Škola je započela rad sa svega 15 učenika, čiji se broj postepeno povećavao.

Škola u Kosovskoj Kamenici postaje matična škola u ovom kraju 1959., godine, a u njen sastav ulaze isturena odeljenja u Berivojcu, Boscu, Miganovcu i Bušincu. Škola je najpre nosila naziv "Osmogodišnja škola 16. novembar", da bi na inicijativu nastavnika i lokalne zajednice, škola ponela ime poznate srpske pesnikinje Desanke Maksimović.

Primary School "Desanka Maksimovic" in Kosovska Kamenica was founded back in 1870. At first, the school operated as part of the local church, and in 1906, it was moved to a separate building. When it started operating, the school had only 15 students, and their number gradually increased.

The school in Kosovska Kamenica became the central school for the area in 1959, and included satellite schools in villages Berivojce, Bosce, Miganovce and Bušince.

The school's first name was "Eight-year school 16 November." At the initiative of teachers and the local community, the school was later named after the famous Serbian poet Desanka Maksimović.

“POSAO KOJI RADITE U MAGAZINU ‘FOR YOU’ JE VEOMA LEP, KORISTAN I HUMAN”

Već dugi niz godina ekipa Magazina ‘For You’ uspešno saraduje sa Osnovnom školom ‘Vuk Karadžić’ u Sočanici, u opštini Leposavić. Dragan Radovanović, direktor OŠ ‘Vuk Karadžić’ je na toj poziciji već 10 godina. Po struci je profesor tehnike i mašinstva, ali ono što ga posebno izdvaja je izuzetna ljubaznost i spremnost da se uvek odazove saradnji i pruži podršku novinarima Magazina ‘For You’.

Proslava 15-og rođendana Magazina ‘For You’ bila je prilika i da nam g-din Radovanović uputi iskrene čestitke. “Vi već slavite 15 godina postojanja, ja sam zatekao vaše prisustvo ovde u školi, kada sam

postavljen za direktora. Izuzetno mi je drago što proslavljate taj veliki jubilej, 15. godina postojanja. Želim najpre da istaknem da je posao koji vi radite veoma lep, koristan i human prema našim đacima. Mi u ovoj školi, časopis ‘For You’

smatramo pre svega jednim od naših nastavnih pomagala, posebno za učenje engleskog jezika, ali i istorije i kulturne baštine na Kosovu. Vidim da deca sa užicom čitaju ove novine, a tome svakako pridonosi i visok kvalitet sadržaja i štampe”, kaže direktor Radovanović. On dodaje i da se nada da će Magazin ‘For You’ i dalje nastaviti da se bavi edukacijom i predstavljanjem škola i učenika na Kosovu.

“Nadam se i da ćemo u narednom period da nastavimo saradnju. Vama od srca čestitam 15 godina postojanja. Znam da i vama često nije lako, međutim upornošću i dobrim timskim radom, dokazali ste da imate iskustva, ali i želju da hoćete da radite na ovom području. To važi i za nas sa druge strane, direktori su tu da vam se odazovu, a učenici da uz vaš časopis oplemene svoje znanje. Nastavite da radite i dalje sa uspehom, imajte što više lepih trenutaka, napredujete i imajte što bolju saradnju, pre svega sa đacima na Kosovu”, zaključuje Dragan Radovanović, direktor OŠ ‘Vuk Karadžić’.

Školu ‘Vuk Karadžić’ pohađa preko 300 učenika od prvog do osmog razreda. Nastava se obavlja i u izdvojenim odeljenjima u selima Vuča i Gornja Sočanica. Ova škola proslaviće u novembru ove godine ogroman jubilej, 100-godišnjicu svog postojanja.

“THE WORK YOU ARE DOING IN ‘FOR YOU’ IS GREAT, BENEFICIAL AND HUMANITARIAN”

doing is great, beneficial, and humanitarian for our students. At our school we consider 'For You' magazine first and foremost as one of our teaching assisting tools, particularly in teaching the English language, but also history and cultural heritage in Kosovo. I see that children enjoy reading this magazine, and this certainly is a result of the quality and content of this publication,” Principal Radovanovic stated. He went on adding that he hopes that 'For You' magazine will continue to educate and be present in schools for students in Kosovo.

“I hope that in the near future we continue our cooperation. From the

bottom of my heart I congratulate to you 15 years of existence. I am also aware that often it is not easy for you, however, through persistence and good team work, you have proven that you have experience, but also the will to work in this field. This applies also to us on the other side, and school principals are ready to respond to you, and for the students to enrich their knowledge through your magazine. Keep working further with success, enjoy good moments, move forward and maintain your good cooperation first of all with the students in Kosovo,” Dragan Radovanovic, principal of Primary School “Vuk Karadzic” concluded.

The “Vuk Karadzic” school is attended by more than 300 pupils from first to eighth grade. Later this year, namely in November, this school will celebrate a huge jubilee, 100 years of its existence.

For several years now the 'For You' magazine has been cooperating successfully with Primary School “Vuk Karadzic” in Socanica, Leposavic Municipality. Dragan Radovanovic is the principal of this school for the past ten years. Originally a professor of technology and machinery, the thing that truly separates him is the exceptional kindness and readiness to always respond to cooperation and to support the journalists of the 'For You' magazine.

Upon the celebration of the 15th anniversary of 'For You' magazine, Mr. Radovanovic took the opportunity to express his sincere congratulations. “You are already celebrating 15 years of your existence; I encountered your presence here at the school upon my appointment as the school principal. I am extremely glad that you are already celebrating this major jubilee, namely 15 years of existence. First of all I would like to say that that the work you are

Pokrijite sto crnim stolnjakom a zatim prikupite kristalne svećnjake, stavite u njih bele ili srebrne sveće i grupišite ih sve zajedno na jednom srebrnom poslužavniku koji ćete staviti u sredinu stola. Umesto svećnjaka možete koristiti čaše za vino koje ćete okrenuti naopako. Da bi napravili kontrast sa crnom, koristite srebrne podmetače, zlatni pribor za jelo i bele tanjire i činije za svako mesto pojedinačno.

Poprskajte šišarke zlatnim sprejom i iznad svakog pribora stavite po jednu, koji će služiti kao držač kartice (s imenom gosta).

The band says that their music is inspired by the spirit and energy of the city, and raw punk rock energy is what characterizes the band. In a conversation for the Magazine 4U, singer and guitarist Nikola Savić says that the band originated in the Mitrovica Rock School, and that they have so far released one album. "We are called Škart (write-offs), because we are exactly the opposite of that. The type of music we play is called hard punk rock. The songs are melodious, while the lyrics are a little darker," explained Nikola.

RAJSKA PTICA OGRLIČARKA

Rajska ptica ogrličarka je mala, oko 26 cm duga, vrapčarka iz porodice Paradisaeidae (rajske ptice). To je jedini član roda Lophorina. Rajska ptica ogrličarka naseljava kišne šume Nove Gvineje. Ova vrsta ima neuobičajeno nisku populaciju ženki, a konkurencija među mužjacima za partnera

je intenzivno žestoka. To je dovelo do toga da ova vrsta ima jedno od najbizarnijih i najobimnijih udvaranja u ptičjem svetu. Uprkos složenom izvođenju udvaranja, prosečna ženka odbije 15-20 potencijalnih udvarača pre nego što pristane na parenje. *(objavljeno u 100. izdanju)*

SUPERB BIRD of PARADISE

Is a small, approximately 26 cm long, passerine bird of the Paradisaeidae family. It is the only member in the genus Lophorina. The Superb Bird-of-paradise is distributed throughout rainforests of New Guinea. The species has an unusually low population of females, and competition amongst males for mates is intensely fierce. This has led the species to have one of the most bizarre and elaborate courtship displays in the avian world. Even despite the elaborate display, the average female rejects 15-20 potential suitors before consenting to mate.

Marija Đorđević started playing tennis at the age of nine, and today she is one of the most talented young tennis players in Kosovo. She comes from Gračanica, she is 19 years old, and she completed Gymnasium, Socio-Linguistics Course. She is currently studying at the Faculty of Sports and Physical Education.

In an interview for the 4U Magazine, she stressed that, as to most young people, her role model is Novak Đoković, who has proved that goals can be achieved through a lot of effort, training and self-abnegation. She has been fascinated by what Novak was doing in the court and felt the desire to do the same. She took a racket in her hands and embarked on a journey towards her goal.

"The one to be held responsible and the main reason behind my decision to choose this sport is Novak Đoković. I was fascinated by his game and his energy which prompted me to start playing tennis myself," Marija said.

SNOVI SE POSTIŽU TIMS- KIM RADOM

Fudbal se dosledno pokazuje kao jedan od najuniverzalnijih "jezika" na svetu. To je jezik koji ljudi iz celog sveta, bez obzira na svoj jezik, etničku, rasnu i rodnu pripadnost, shvataju i prihvataju bez oklevanja. Ove godine, kada se svi spremamo za svetsku proslavu fudbala koja će se održati u Brazilu, u planinskom gradu Dragaš, ovaj neverovatan sport već nekoliko meseci pokazuje svoju snagu u izgradnji mostova saradnje. Naravno, poređenje Svetskog fudbalskog prvenstva sa događajem u planinskoj oblasti kao što je Šar nije nimalo lako.

Rather than getting them quadcopters, remote controlled drones, and the like, why not just get them the PowerUp 3.0 smartphone Controlled Paper Airplane? Just imagine an ordinary looking paper airplane but attached with a Smart Module. So, all a child has to do is to build his or her very own paper airplane, attach the Bluetooth Smart Module, download the app into his or her mobile device, and let the PowerUp 3.0 fly. The mobile device acts as the remote controller for the paper airplane. On a full charge, he/she will be flying the PowerUp 3.0 for up to 10 minutes with an effective radius of 180 feet. KOMPATIBILNOST OS: IGRA ČEKANJA

Da biste bili sigurni da uvek imate najnoviju i najbolju verziju operativnog sistema (OS) na svom pametnom telefonu, onda morate nabaviti Ajfon. To je zato što neki proizvođači Androida sporo ažuriraju svoje telefone na najnoviju verziju Android OS-a, a ponekad i ne ažuriraju svoje telefone. Iako se očekuje da će stariji telefoni na kraju izgubiti podršku za najnoviji operativni sistem, Eplova podrška za starije telefone je generalno bolja od Androida.

OS COMPATIBILITY: A WAITING GAME

To make sure you always have the latest and greatest version of your smartphone operating system, you have to get an iPhone. That's because some Android makers are slow at updating their phones to the latest version of the Android OS version, and sometimes don't update their phones at all. While it's to be expected that older phones will eventually lose support for the latest OS, Apple's support for older phones is generally better than Android's.

“ŽELIM VAM DA JOŠ DUGO TRAJETE”

Srednja Poljoprivredna škola je počela sa radom 1946. godine u Prištini. Tradicija ove škole duga je preko 65 godina, a danas se ona nalazi u Lešku. Osnovna delatnost ove ustanove je stručno obrazovanje u području rada poljoprivrede, proizvodnje i prerade hrane.

Direktor Srednje poljoprivredne škole u Lešku Ivica Mihajlović, jedan je od direktora sa kojima Magazin For You rado i često sarađuje. G-din Mihajlović

čestitao je 15-ti rođendan Magazin, poželevši nam da još dugo trajemo.

“Naša škola se uvek rado odazivala akcijama koje je sprovodio vas časopis i već dugo godina imamo dobru saradnju sa vama. Nekoliko puta smo bili izabrani za školu meseca u časopisu, a naša saradnja traje od samog osnivanja. Obzirom da se radi o 15-godišnjici osnivanja časopisa, koristim priliku da u ime svih učenika i zapošljenih u Poljoprivrednoj školi, čestitam časopisu ogroman jubilej, tj. 15 godina izlaženja. To je interesantna stvar, posebno na ovim terenima gde je sve nestabilno, tako da se pridružujem čestitkama i želim da još dugo trajete, da budete još ozbiljniji, da imate još više čitalaštva i da što više zainteresujete mlade da se bave novim dostignućima, evropskim i svetskim, kako u nauci tako i u kulturi, muzici i ostalim domenima za koje su tinejdžeri zainteresovani. Naravno, želim vam da još dugo sarađujemo”, istakao je Mihajlović. On posebno naglašava da je Magazin For You dosta čitan u školi, ali i da se on koristi kao nastavno sredstvo.

“Časopis For You dobijamo redovno, svakog meseca ga naši učenici koriste i čitaju. Časopis ima nekoliko prednosti, počev od toga što je napisan na dva jezika, srpskom i engleskom, pa je učenicima koji uče engleski jezik ovo još jedno pomoćno nastavno sredstvo, jer su svi tekstovi u magazinu prevedeni”, kazao je direktor Srednje poljoprivredne škole u Lešku, Ivica Mihajlović.

Nova zgrada srednje Poljoprivredne škole u Lesku opremljena je modernim nastavnim sredstvima. Praktična nastava realizuje se na školskoj ekonomiji. Nakon završetka škole moguć je nastavak školovanja na sledećim fakultetima: Poljoprivredni fakultet, Šumarski fakultet, PMF (odseci biologije i hemije), Medicinski, fakultet, Veterinarski fakultet, DIF, itd.

“I WISH YOU LAST FOR A VERY LONG TIME”

The Secondary Agricultural School started operating in 1946 in Pristina. The tradition of this school is over 65 years old, whereas today it is operating in Lesak. The primary activity of this institution is the vocational education in the field of agriculture, food production and processing.

The principal of the Secondary

Agricultural School in Lesak, Ivica Mihajlovic, is one of the principals that 'For You' magazine often and gladly cooperates with. Mr. Mihajlovic has congratulated the 'For You' magazine on its 15th birthday with the wishes that we may last for a long time.

"Our school has always very gladly responded to the actions

conducted by your magazine and we have had a great cooperation with you for many years now. Several times we were chosen as the school of the month in your magazine, and our cooperation namely dates since you were established. Considering that this is the 15th Anniversary of your existence, I take this opportunity to congratulate on behalf of all the students and employees of the Agricultural School the enormous jubilee of 15 years of publishing. This is interesting, especially in this region where everything is unstable, so I join all the congratulations and I wish you may last for a very long time, that you become even more serious, to have even more readers and that you manage to entice the young to engage in new achievements both in Europe and the world, be it in science, culture, music and all other fields the young are interested in. Of course, we also wish that our cooperation lasts for a very long time," highlighted Mr. Mihajlovic. He went on emphasizing in particular that 'For You' magazine is very well read in the school and that he also uses it as a lecturing tool.

We receive 'For You' magazine regularly and every month our students use and read it. The magazine has several advantages, starting from the fact that it is published in two languages, Serbian and English, so the students that want to learn English use it as an additional assistance tool because all the articles in the magazine are translated," Mr. Ivica Mihajlovic, principal of Secondary Agricultural High School in Lesak, stressed.

The new building of the Secondary Agricultural School in Lesak is equipped with modern teaching equipment. Practical lessons are conducted at the school farm. Upon graduating from this school the students may continue their education in the following faculties: Faculty of Agriculture, Faculty of Forestry, Faculty of Mathematics and Natural Sciences (department of biology and chemistry), Faculty of Medicine, Faculty of Veterinary, Faculty of Physical Education, etc.

Vaš kutak

TO SE NE ZABORAVLJA

Bila sam jako mala, imala sam svega tri godine. Događaj koji mi se duboko urezao u sećanje dogodio se tada i ostao mi je da ga pamtim za ceo život. Tog jutra sam se probudila jako rano. Čini mi se da sam čitavu noć bila budna. Čekala sam da li što pre ugledala zrake sunca. Tata je još uvek spavao. Ustala sam na prstima tiho u polumraku sobe i počela da se spremam za važan dan. Obukla sam novu haljinu roze boje i prvi put, bez mamine pomoći vezala rep. Tata je ustao, pogledao me je i nežno poljubio. Oboje smo znali da je ovo važan dan. Ubrzo smo bili u bolnici. Sećam se... trčala sam dugačkim hodnikom sa buketom ruža u rukama! Na kraju hodnika stajala je moja mama sa bebom u naručju. Brzo smo došli kući. Tata je spustio bebu na jastuk, a potom u moje krilo. Bila je to moja mala sestra, mala prelepa princeza. Sve lutke sam ostavila u drugu sobu. Sestra mi je bila kao lutka, ali najlepša. Mojoj sreći nije bilo kraja. Telefon je non-stop zvonio. Svi su raspitali o bebi, ali nisu mogli da je vide. Jedino sam ja imala tu privilegiju da mogu da uživam pored nje po čitav dan.

Osećala sam se zaista posebno u tom trenutku. Ovaj dan ću zaista pamtili zauvek. Od tog dana sve se promenilo. Volim svoju sestru najviše na svetu. Život bez nje ne bi bio potpun.

PODRŠKA PORODICE- NAJBOLJA PODRŠKA DECI

Porodica je utočište gde svako od nas nađe svoj mir, toplinu i zaštitu. Mesto kome se uvek vratimo sa osmehom na licu. U mojoj porodici su svi pozitivni i za njih nema nerešivih problema. Mama i tata su moja velika podrška u svemu: u školi, u učenju, mojim željama i potrebama. Između nas postoji veliko poverenje koje se gradilo na iskrenosti, razumevanju i toleranciji. Moju porodicu čine i dve mlađe sestre tako da svi zajedno činimo jednu čvrstu stenu, koji ni najveći talasi ne mogu da sruše. Znam da me u životu čekaju i lepi i ružni trenuci, da me čekaju usponi i padovi... ali isto tako znam da će me uvek čekati moja najtoplija kolevka i moja sigurnost, koju čini moja porodica.

Your corner

THINGS YOU NEVER FORGET

I was very small, I was only three years old. This is when an event that remained deeply engraved in my memory happened, something to remember for life. That morning I woke up very early. It seemed to me that I had been awake all night. I was waiting for the dawn to come, looking towards the window in anticipation of a ray of sun. My father was still sleeping. I quietly stood up on tiptoe in the room's gloom and started getting ready for the big day. I put on my new pink dress, and for the first time, made a ponytail without my mother's help. My father woke up, looked at me and gently kissed me. We both know it was an important day. Before long we were in the hospital. I remember... I was running through a long corridor with a bouquet of roses in hands! At the end of the corridor, my mother was standing with the baby in her arms. Soon we came home. Dad laid the baby on a pillow, and then on my lap. It was my little sister, my gorgeous princess. I put all the dolls in the other room. My sister was like a doll to me, the most beautiful one.

My happiness had no limits. The phone wouldn't stop ringing. Everyone was asking about the baby, but they couldn't see her. Only I had the privilege to enjoy being by her side all day long. I felt really special in those moments. I will really remember this day forever. From that day on, everything has changed. I love my sister more than anything in the world. My life without her wouldn't be complete.

FAMILY SUPPORT- BEST SUPPORT FOR CHILDREN

Family is a shelter where we all find our peace, warmth and protection. A place we always go back to with a smile on the face. In my family everyone is positive, and there are no unsolvable problems. Mom and dad are my great support in everything: the school, studying, my wishes and needs. There is great trust between us, which has been built on sincerity, understanding and tolerance. My two younger sisters are also part of my family, so that all of us together make a solid rock, which couldn't be smashed by biggest waves. I know that both beautiful and ugly moments are ahead of me in life and that there will be ups and downs... but I also know that my warmest cradle and my family refuge will always be there for me.

I'm Aleksa Djuric, I'm 12 years old and I live in Osojane. I would like you to publish in the Magazine 4U a poster of the band Beogradski sindikat, since that is my favorite band that I listen to all the time. In my spare time I practice football or spend time on social networks. My favorite actor is Vin Diesel, and the film - Fast and Furious. Best regards to all readers of 4U Magazine.
