Uvodnik

Dragi čitaoci,

Dok pozdravljamo dolazak proleća i radujemo se novim počecima, važno je da razmislimo o vrednostima koje oblikuju naše živote i vode nas ka uspehu. Jedna od tih vrednosti je zajednički život u toleranciji i slozi.

U današnjem svetu raznolikost je realnost koju ne možemo da ignorišemo. Svakodnevno se susrećemo sa ljudima različitog porekla, kultura i verovanja, bilo u školi, na poslu ili u svojim zajednicama. Ova raznolikost je ono što čini naš svet tako bogatim i fascinantnim, ali ona može biti i izvor napetosti i sukoba ako je ne prigrlimo sa tolerancijom i razumevanjem.

Tolerancija nije samo prihvatanje razlika; već se tu radi o njihovom slavljenju, prepoznavanju da svako od nas ima nešto jedinstveno da ponudi i da se naše razlike mogu međusobno dopunjavati. Radi se o stvaranju prostora u kojem se svi osećaju cenjenim i poštovanim, bez obzira na poreklo ili identitet.

Zajednički život u toleranciji i slozi zahteva trud i posvećenost svih nas. To znači da čujemo drugačiji pogled na svet, da preispitujemo sopstvene predrasude i pretpostavke i da budemo otvoreni za učenje od drugih. To takođe znači i podići glas protiv predrasuda i diskriminacije i zauzeti se za one koji su možda marginalizovani ili ugnjetavani.

U ovom majskom broju našeg 4You magazina slavimo duh zajedničkog života u toleranciji i slozi. Donosimo vam priče o pojedincima koji su prevazišli prepreke i postigli uspeh prihvatanjem različitosti, i delimo sa vama savete i sugestije o tome kako svi možemo da postanemo tolerantniji i inkluzivniji.

Ponosni smo što ovo izdanje predstavljamo na pet jezika, odražavajući raznolikost naše čitalačke publike i našu posvećenost inkluzivnosti. Nadamo se da će naši čitaoci pronaći inspiraciju i ohrabrenje na ovim stranicama i da zajedno možemo stvoriti tolerantniji i složniji svet.

Dok ulazimo u ovo novo godišnje doba rasta i obnove, ne zaboravimo da su naše razlike ono što nas čini jedinstvenim, a naša sposobnost da živimo zajedno u toleranciji i slozi je ono što će nas učiniti uspešnim.

Do juna, budite zdravi prijatelji moji.

Editorial

Dear readers,

As we welcome spring and look forward to new beginnings, it is important to reflect on the values that shape our lives and guide us towards success. One of these values is living together in tolerance and harmony.

In today's world, diversity is a reality that we cannot ignore. We encounter people from different backgrounds, cultures, and beliefs every day, whether at school, work, or in our communities. This diversity is what makes our world so rich and fascinating, but it can also be a source of tension and conflict if we don't embrace it with tolerance and understanding.

Tolerance is not just about accepting differences; it's about celebrating them. It's about recognizing that each of us has something unique to offer and that our differences can complement each other. It's about creating a space where everyone feels valued and respected, regardless of their background or identity.

Living together in tolerance and harmony requires effort and commitment from all of us. It means listening to each other's perspectives, challenging our own biases and assumptions, and being open to learning from others. It also means speaking up against prejudice and discrimination, and standing up for those who may be marginalized or oppressed.

In this May issue of our 4You Magazine, we celebrate the spirit of living together in tolerance and harmony. We feature stories of individuals who have overcome obstacles and found success by embracing diversity, and we share tips and advice on how we can all become more tolerant and inclusive.

We are proud to present this issue in five languages, reflecting the diversity of our readership and our commitment to inclusivity. We hope that our readers will find inspiration and encouragement in these pages, and that together we can create a more tolerant and harmonious world.

As we embark on this new season of growth and renewal, let us remember that our differences are what make us unique, and our ability to live together in tolerance and harmony is what will make us successful.

Until June, stay healthy my friends.

MULTIETNIČKA RAZNOLIKOST

BUDUĆNOST ŽENSKOG FUDBALA NA KOSOVU

Fudbal je jedan od najpopularnijih sportova na Kosovu, a tokom godina, ženski fudbal je stekao i značajnu pažnju javnosti. Uprkos izazovima, Kosovo je napredovalo u razvoju ženskog fudbala, sa nekoliko klubova i liga na različitim nivoima. G-din Sedat Ljmani (Sedat Limani), osnivač, upravnik i jedini sponsor Akademije za devojčice i ekipe fudbalskog kluba (FK) „2 Korriku“, podelio je svoja razmišljanja o stanju ženskog fudbala na Kosovu i ulozi koju njegov klub ima u promociji multietničke raznolikosti u sportu.

Od skromnih početaka do prave fudbalske akademije

F FK „2 Korriku“ je jedna od fudbalskih akademija za devojčice na Kosovu koja je u povoju. Akademija je osnovana 2021. godine i počela je sa malim brojem igračica. Danas, akademija je narasla do te mere da ima dve grupe od šezdeset i dve devojčice, podeljene na uzraste 10-12 i 12-15 godina. Starije devojčice učestvuju u U17 ligi, dok mlađe treniraju i povremeno igraju prijateljske utakmice sa vršnjakinjama iz drugih klubova. Pored toga što je menadžer i sponzor, gospodin Ljmani je takođe i ponosni otac čerke koja igra za ovaj klub i strastveno promovise fudbal za devojčice na Kosovu. On je istakao da je primarni cilj akademije da obezbedi platformu za devojčice da razvijaju svoje fudbalske veštine, ali i da promovise različitost i inkluziju među devojčicama iz različitih etničkih sredina.

Tolerancija, jednakost i fer-plej

Akademija za devojčice i ekipe fudbalskog kluba (FK) „2 Korriku“ jedinstveni su po tome što imaju devojčice iz različitih etničkih zajednica na Kosovu, uključujući albansku, tursku, bošnjačku i goransku zajednicu. Gospodin Ljmani je istakao da je odnos između devojčica u akademiji veoma pozitivan i pun poštovanja. To je zavaljujući činjenici što akademija stavlja akcenat na toleranciju, jednakost i fer-plej, koji su uključeni

u redovne edukativne radionice koje se održavaju sa devojčicama. Takve radionice imaju za cilj da nauče devojčice o važnosti jednakog odnosa prema svima bez obzira na etničku pripadnost, rasu ili boju kože.

Jedan od najstaknutijih momenata posvećenosti fudbalskog kluba „2 Korriku“ promociji multietničke raznolikosti u ženskom fudbalu bilo je njihovo učešće na KOMM MIT turniru u Hrvatskoj. Turnir je organizovala nemačka nevladina organizacija KOMM MIT, koja već 40 godina organizuje slične događaje širom Evrope. Turnir je u isto vreme bio takmičarskog karaktera i manifestacija, sa ciljem da promovise ženski fudbal i društvenu povezanost među mladim devojčkama iz različitih zemalja i kultura.

SARA BULIČI

Naš klub je jedinstven po tome što uključuje devojke iz različitih etničkih zajednica na Kosovu, Albanke, Turkinje, Bošnjakinje i Goranke.

Fudbalski klub „2 Korriku“ je izabran da učestvuje na turniru uz pomoć UNFPA-a, UNDP-a, FFK-a i JAKO Kosova. Turnir je okupio ženske ekipe iz raznih zemalja, uključujući Sloveniju, Italiju, Austriju i Nemačku. G. Ljmani je istakao da je turnir bio odlična prilika da se devojčice druže sa svojim vršnjakinjama iz različitih zemalja i kultura, da nauče nešto o njihovom načinu života i steknu nove prijatelje. Osim toga, ekipa fudbalskog kluba

„2 Korriku” je igrala izuzetno dobro. Iako ekipa akademije nije pobedila na turniru, igrale su zadržavajuće, i demonstrirale odličan timski rad, disciplinu i sportski duh. Za gospodina Ljimanija, turnir je bio odlična prilika da njegove devojčice dožive fudbal u takmičarskom okruženju, dok u isto vreme promovišu različitost i saradnju među mladim devojkama iz različitih etničkih i kulturnih sredina.

RESMINA TORO
Ovaj fudbalski klub je priča o uspehu i odličan primer kako ženski fudbal može da promovise toleranciju, različitost i inkluziju.

Priča o uspehu koja zaslužuje podršku

Priča o uspehu FK „2 Korriku” je odličan primer kako ženski fudbal može da promovise toleranciju, raznolikost i inkluziju. G. Ljimanijev čvrsto veruje da ženski fudbal može da igra značajnu ulogu u promociji takvih vrednosti, posebno na Kosovu, gde etničke podele još uvek postoje. On naglašava da mlade devojke kroz fudbal mogu da nauče da cene svoje vršnjakinje iz različitih sredina i kultura, a to može pomoći da se premosti jaz između različitih zajednica. Priča o uspehu akademije za devojčice i ekipe FK „2 Korriku” takođe ističe značaj ulaganja u ženski fudbal. Uprkos izazovima i nedostatku finansijskih sredstava, ovaj klub je uspeo da stвори platformu gde mlade žene mogu da slede svoju strast prema fudbalu i razvijaju svoje veštine, što na kraju vodi do uspeha na terenu.

Ulaganje u ženski fudbal ne samo da stvara mogućnosti za sportistkinje, već i doprinosi rodnoj ravnopravnosti i osnaživanju. Takođe, može i da ima pozitivan uticaj na ekonomiju i društvo u celini kroz stvaranje prihoda, otvaranje novih radnih mesta i promovisanje društvene inkluzije. Podržavajući i ulažući u ženski fudbal, možemo stvoriti ravnopravniji i inkluzivniji svet, gde mlade žene imaju priliku da slede svoje snove i postignu uspeh na terenu i van njega.

MULTIETHNIC DIVERSITY

THE WAY FORWARD FOR WOMEN'S FOOTBALL IN KOSOVO

Football is one of the most popular sports in Kosovo, and over the years, women's football has gained significant attention. Despite the challenges, Kosovo has made strides in the development of women's football, with several clubs and leagues at various levels. Mr. Sedat Limani, the founder, manager, and sole sponsor of the “2 Korriku” FC (Football Club) Girls' Academy and Team, shared his thoughts on the state of women's football in Kosovo, and the role his club plays in promoting multiethnic diversity in the sport.

From Humble Beginnings to a Proper Football Academy

“2 Korriku” FC is one of the emerging girls' football academies in Kosovo. The academy was founded in 2021 and started with a small number of players. Today, the academy has grown to sixty-two girls within two groups, divided into ages 10-12 and 12-15. The older girls participate in the U17 League, while the younger train and occasionally play friendly matches with their peers from other clubs. Besides being the manager and sponsor, Mr. Limani is also a proud father of a daughter who plays for the club and is passionate about promoting girls' football in Kosovo. He noted that the academy's primary goal is to provide a platform for girls to develop their football skills, but also to promote diversity and inclusion among girls from different ethnic backgrounds.

Tolerance, Equality, and Fair Play

“2 Korriku” FC Girls' Academy and Team is unique in that it includes girls from different ethnic communities in Kosovo to include Albanian, Turkish, Bosnian, and Gorani. Mr. Limani emphasized that the girls' relationship within the academy is very positive and respectful. This is due to the academy's emphasis on tolerance, equality, and fair play, which are incorporated into the regular educational sessions held with the girls. Such sessions teach the girls about the importance of treating everyone equally regardless of their ethnicity, race, or color.

SARA BULLIQI

Our club is unique because it includes girls from various ethnic communities in Kosovo, including Albanian, Turkish, Bosnian, and Gorani.

One of the highlights of “2 Korriku” FC's dedication to promoting multiethnic diversity in women's football was their participation in the KOMM MIT tournament in Croatia. The tournament was organized by the German NGO KOMM MIT, which has been organizing similar events across Europe for the past 40 years. The tournament was both competitive and festive, aiming to promote women's football and social cohesion among young girls from different countries and cultures.

“2 Korriku” FC was selected to participate in the tournament with the help of UNFPA, UNDP, FFK, and JAKO Kosovo. The tournament brought together girls' teams from various countries, including Slovenia, Italy, Austria, and Germany. Mr.

Limani noted that the tournament was an excellent opportunity for the girls to interact with their peers from different countries and cultures, learn about their lifestyles, and make new friends. In addition, “2 Korriku” FC's team performed exceptionally well. Although the academy's team did not win the tournament, they performed admirably, demonstrating excellent teamwork, discipline, and sportsmanship. For Mr. Limani, the tournament was an excellent opportunity for his girls to experience football in a competitive environment while also promoting diversity and cooperation among young girls from different ethnic and cultural backgrounds.

RESMINA TORO

This football club is a success story! An excellent example of how girls' football can promote tolerance, diversity, and inclusion.

A Success Story that Deserves Support

“2 Korriku” FC's success story is an excellent example of how women's football can promote tolerance, diversity, and inclusion. Mr. Limani firmly believes that women's football can play a significant role in promoting such values, especially in Kosovo, where ethnic divisions still exist. He emphasizes that young girls can learn to appreciate their peers from different backgrounds and cultures through football, and this can help bridge the gap between different communities. “2 Korriku” FC Girls' Academy and Team's success story highlights the importance of investing in women's football. Despite the challenges and lack of funding, this club has managed to create a platform where young women can pursue their passion for football and develop their skills, ultimately leading to success outside of football.

Investing in women's football not only creates opportunities for female athletes, but also contributes to gender equality and empowerment. It can also have a positive impact on the economy and society as a whole by generating revenue, creating jobs, and promoting social inclusion. By supporting and investing in women's football, we can create a more equal and inclusive world where young women have the opportunity to pursue their dreams and achieve success on and off the field.

Muzika kao film

Kaže da za njega muzika predstavlja film, odnosno život, a svaki film treba da ima svoj **soundtrack** koji je savršeno prilagođen situacijama u kojima se nalazimo. Muziku koristi da iskaže sve ono što u povremenom nedostatku sposobnosti komunikacije ne može da izgovori, a oseća. U nekoliko navrata koristio je svoje tekstove i melodije da bi otkrio šta zapravo misli. "Inspiraciju pronalazim u tom procesu i odvijanju "filma", u pop kulturi, budućnosti i u biografijama umetnika. Mogu da kažem da sam verovatno prvi put nesvesno upijao muziku koju mi je otac puštao dok me uspavljivao kada bi se vratio sa svojih DJ setova.

Luka Ivanović was born on May 19, 1992 in Čačak. Already at the age of 12, he started writing lyrics, and at the age of 16 to compose music and make arrangements. He currently resides in London, England where he works as a graphic designer for a publishing house.

Music like a movie

He says that for him, music represents a movie, namely, life, and every movie should have its own soundtrack that is perfectly adapted to the situations in which we find ourselves. He uses music to express all that he cannot say, but feels, due to his occasional lack of communication skills. On numerous occasions, he used his lyrics and melodies to reveal what he was really thinking. "I find inspiration in that process and the unfolding of the "movie", in pop culture, the future and in the biographies of artists. I can say that it was probably the first time I unconsciously absorbed the music that my father played me while lulling me to sleep

when he was returning from his DJ sets. It was mostly disco and funk music, and as he told me, that was the only thing that managed to calm me down", Luke said.

He adds that he showed his first conscious love for music with the Beatles (mostly John Lennon), Madonna, Springsteen and jazz classics when he was very young, but that suddenly changed at one point when he started to like only music that has electronic undertones in it. I feel that when I make a song it is not complete without this sound. That fascination still hasn't left me, and in my opinion, three timeless pieces are "Imagine" by John Lennon; "Dream On" by Depeche Mode and "Blue Monday" by New Order.

Different from the others

Luke Black has a very specific appearance, inspired by the futuristic aesthetics of the 80s, pop royalty and the underground scene. He is certainly different from all the performers we see in this area. When asked what fashion means to him and how much attention and effort he devotes to his clothing, he answers: For me, the most important thing is that fashion follows the music, so that's how I dress. It all depends on my mood, if I'm in the process of creating some piano composition, I'll probably wear shirts and jackets. If I'm making electronic music, then I'll be in a black outfit. On the other hand,

muzičke numere po meni su "Imagine" by John Lennon; "Dream On" by Depeche Mode; "Blue Monday" by New Order."

Drugačiji od drugih

Luke Black ima veoma specifičan imidž, inspiriše ga futuristička estetika 80-ih godina, pop kraljevstvo i underground scena. Svakako je drugačiji od svih izvođača koje vidimo na ovim prostorima. Na pitanje šta za njega predstavlja moda i koliko pažnje i truda posvećuje svom odevanju, odgovara: "Meni je najvažnije da moda prati muziku, pa se tako i oblačim. Sve zavisi kako sam raspoložen, ako sam u procesu stvaranja neke klavirske kompozicije, verovatno ću biti obučen u košulje i sakoe. Ako pravim elektronsku muziku, onda ću biti više u crnom outfit-u. Sa druge strane, isto tako mi se sviđa kako se moja baka oblači, leti haljine i veliki šeširi, a zimi bunde i šubare. Ipak se trudim da ne komplikujem mnogo, jer mi često razmišljanje o modi odvlači pažnju".

Priznanje INSTAGRAM-a

Nedavno je

Instagram Luke Black-a u okviru projekta "@music", svrstao u grupu najinteresantnijih muzičkih izvođača, čime je stao rame uz rame sa nekim od najpoznatijih svetskih zvezda, kao što su Majli Sajrus, 50 Cent, Drake, Foo Fighters i drugi. Saznajemo da ga je ovo

Uglavnom je to bila disko i fank muzika, i kako mi je on rekao, to je jedino uspevalo da me smiri", istakao je Luke.

Dodaje da je svoju prvu svesnu ljubav prema muzici pokazao prema Bitlsima (najviše Džonu Lenonu), Madoni, Springstinu i

džez klasicima kada je bio veoma mali, ali se to naglo promenilo u jednom trenutku kada je krenuo da voli samo muziku koja u sebi ima elektronski prizvuk. "Osećam da kada pravim pesmu ona nije potpuna bez ovakvog zvuka. Ta fascinacija me još uvek nije napustila, a tri vanvremenske

priznanje oduševilo, jer mu je Instagram jedna od omiljenih društvenih mreža, kao i da ga je dodatno motivisalo da nastavi sa svojim stvaralačkim radom. "Kada praviš prve korake kao izvođač jako je bitno da postoje ljudi koji veruju u tebe jer se često traži osećaj priznanja koji otklanja misli o odustajanju. Svaki pozitivni komentar me motiviše da nastavim da radim ono što želim, a kada komentar stigne od Instagram-a direktno, tera me da odem extra mile u svom radu i da opravdam tu pruženu podršku", poručio je Luke.

JASTOG JE SIMBOL REGENERACIJE

Ovogodišnji predstavnik Srbije na Eurosongu je pored nastupa koji je ostavio veliki utisak na javnost, privukao pažnju i zbog jastoga od kog se ne odvaja. Prema njegovim rečima jastog nije imao neku preteranu svrhu na početku, ali da često umetnici, pa i on, rade stvari kojih nisu svesni. Pošto su jastozi prilagodljiva stvorenja i u stanju su da regenerišu slomljene ili izgubljene udove, saznali smo da je regeneracija jedan od najznačajnijih simbola, koji se našem predstavniku na Evroviziji najviše i dopada, pa mu je stoga jastog postao omiljeni kućni ljubimac.

I also like how my grandmother dresses, she wears dresses and big hats in the summer and fur coats and fur hats in the winter. However, I try not to complicate things too much, because thinking about fashion often distracts me.

Recognition by INSTAGRAM

Recently, Instagram included Luke Black, as part of the "@music project", in the group of the most interesting music artists, which made him stand side by side with some of the world's most famous stars, such as Miley Cyrus, 50 Cent, Drake, Foo Fighters and others. We learn that this recognition thrilled him, because Instagram is one of his favorite social networks, and that it further motivated him to continue his creative work. When you make your first steps as a performer, it is very important that there are people who believe in you, because you often need a feeling of recognition that eliminates thoughts of giving up. Each positive comment motivates me to continue doing what I want, and when the comment comes from Instagram directly, it makes me go the extra mile in my work and to justify the support, Luke said.

THE LOBSTER IS THE SYMBOL OF REGENERATION

In addition to his performance that left a great impression on the public, the representative of Serbia at Eurovision Song Contest this year also attracted attention because of the lobster that he does not part with. According to him, the lobster did not have any excessive purpose in the beginning, but that often artists, including him, do things that they are not aware of. Since lobsters are adaptable creatures and are able to regenerate broken or lost limbs, we learned that regeneration is one of the most important symbols, which our Eurovision representative likes the most, and therefore the lobster has become his favorite pet.

PUCANJE NA PROSLAVAMA NEPROMIŠLJEN I OPASAN ČIN

Pucanje na proslavama - nepromišljen čin pucanja iz vatrenog oružja u vazduh tokom proslava - može delovati kao zabavna i bezopasna aktivnost, ali se često završava sa ozbiljnim posledicama. Neki su ozbiljno povređeni, a zabeleženi su i oni sa fatalnim ishodom kao posledica nesavesne upotrebe vatrenog oružja.

Pucanje na javnom mestu je zakonom zabranjeno

Pucanje na proslavama možda spada u stare običaje, ali to je slučaj i sa mnogim drugim radnjama koje danas jednostavno smatramo besmislenim i kao takve ih niko više ne ponavlja. Štaviše, zakon na Kosovu nedvosmisleno kaže da je posedovanje ili upotreba vatrenog oružja bez dozvole pod bilo kakvim okolnostima zakonom zabranjeno. Pored pravnih posledica, pucanje iz vatrenog oružja na javnom mestu je neodgovorno, i može dovesti do povrede ili smrti, za one koje se nalaze u kako po u njihovoj blizini.

Brojke su opale, ali je pojava i dalje prisutna

Major Baki Keljani, načelnik kancelarije za informisanje i odnose sa javnošću Kosovske policije (KP), istakao je da je aktivan angažman KP postigao značajan napredak u smanjenju broja incidenata izazvanih pucanjem iz vatrenog oružja na proslavama. U tom cilju, KP sprovodi kampanje podizanja svesti, video kampanje i predavanja u školama na

različitim nivoima, a takođe sprovode i policijske aktivnosti sa zajednicom. To je potvrdila i službenica KP Biljana Bogdanović koja je apelovala na ljude na Kosovu da se uzdrže od pucanja iz vatrenog oružja na proslavama, jer je to opasan čin koji u trenutku može da pretvori radost u tugu.

Sa pozitivnije tačke gledišta, major Keljani je napomenuo da je najbolja vest to što mladi ljudi često imaju pozitivan stav prema iskorenjivanju ove pojave i često sarađuju sa policijom kako bi se sprečile ove neodgovorne i nezakonite radnje. „KP je postavila kao prioritet povećanje efikasnosti u održavanju javne bezbednosti, prevenciji, istrazi i otkrivanju zločina, kao i graničnoj kontroli. U sklopu ovog cilja, KP je stavila snažan naglasak na prevenciju posedovanja i upotrebe vatrenog oružja. Kroz naše operativne planove i akcije, policija je tokom godina zaplenila hiljade komada ilegalnog oružja i municije različitog kalibra. To

je pomoglo da se značajno smanji upotreba vatrenog oružja na svečanostima, proslavama i venčanjima“,

Major Baki Keljani

dodao je major Keljani.

Posebna pažnja tokom leta

Major Keljani je takođe istakao da tokom leta, kada se održava većina proslava, Kosovska policija ima konkretne planove za borbu protiv ove pojave. „Operativnim naredbama su navedene konkretne radnje koje treba preduzeti na terenu u područjima gde se mogu odvijati svečane proslave, sa ciljem sprečavanja takvih aktivnosti. Ljudi koji sarađuju sa policijom igraju ključnu ulogu u sprečavanju ove pojave i osiguravanju veće bezbednosti za zajednicu“, izjavio je major Keljani. On je dodao da je KP jasno stavila do znanja da postoji nulta tolerancija prema ovoj nezakonitoj aktivnosti.

Službenica Kosovske Policije,
Biljana Bogdanović

I za kraj, major Keljani je imao sledeću poruku za javnost:
„Dragi narode Kosova. Pozivam vas da ne slavite oružjem, već svojim srcima. Upotreba vatrenog oružja ne samo da je nezakonita, već i ugrožava živote vaših najdražih. KP je posvećena sprečavanju ove opasne pojave. Imajte na umu da će vaša proslava biti prekinuta ako neko puca iz vatrenog oružja. Slavimo na odgovoran način i čuvajmo svoju zajednicu! Dakle, slavite srcem, a ne oružjem.“

HAPPY SHOOTING A RECKLESS AND DANGEROUS ACT

Happy Shooting - the reckless act of firing weapons in the air during parties. May seem like a fun and harmless activity, but it often ends with serious consequences. People have been seriously injured, with cases that have resulted in fatalities as a result of the reckless use of firearms.

Shooting in Public is Illegal

Happy shooting might be part of old traditions, but so are many other actions that today we simply consider absurd and avoid. Moreover, Kosovo law clearly states that it is illegal to possess or use firearms without permission in any circumstance. In addition to legal consequences, firing weapons in public is careless and can lead to injury or death to those nearby.

Numbers Have Declined but the Phenomenon is Still Present

Major Baki Kelani, head of the Kosovo Police (KP) Office for Public Information and Relations, stressed that active engagement by the KP has made considerable progress in reducing the number of happy shooting incidents. To this aim, they conduct awareness campaigns, video campaigns, and lectures in schools at different levels, and also conduct police activities with the community. This was also confirmed by KP officer Biljana Bogdanovic who appealed to the people in Kosovo to refrain from happy shooting as it is a dangerous act that can instantly turn joy into sadness.

On a more positive note, Major Kelani noted that the best news is that young people often have a positive attitude towards the eradication of this phenomenon. Most frequently cooperate with the police to prevent these irresponsible and illegal actions. “The KP has made it a priority to increase efficiency in maintaining public safety, prevention, investigation, and crime detection, as well as border control. As part of this objective, KP have placed a strong emphasis on preventing the

possession and use of firearms. Through our operational plans and actions, the police have captured thousands of illegal weapons and ammunition of various calibers over the years. This has helped to significantly decrease the use of firearms in festive ceremonies, parties, and weddings,” Major Kelani added.

Special Attention During the Summer

Major Kelani also highlighted that during the summer season, when most parties take place, the Kosovo Police have concrete plans to deal with this phenomenon. “Operational orders outline specific actions to be taken on the ground in areas where festive ceremonies may occur, with the objective of preventing such activities. People who cooperate with the police play an essential role in eliminating this phenomenon and ensuring greater safety for the community,” Major Kelani stated. He went on to add that the KP has made it clear that there is zero tolerance towards this illegal activity.

In the end, Major Kelani had the following message for the public:
“Dear people in Kosovo. I invite you to not celebrate with your firearms, but with your hearts. The use of firearms is not only illegal, but it also endangers the lives of your dearest people. The KP is dedicated to preventing this dangerous phenomenon. Please be aware that your party will be stopped if someone fires a weapon. Let us celebrate responsibly and keep our community safe. So, celebrate with your hearts, and not with guns.”

HAJDEMO U ZOOLOŠKI VRT!

Zoološki vrtovi su popularne turističke atrakcije, a neki od najposećenijih na svetu su zoološki vrt u San Dijegu, nacionalni zoološki park Smitsonijan i zoološki vrt u Pekingu. Danas se moderni zoološki vrtovi suočavaju sa problemima etike i blagostanja životinja, a mnogi su primenili mere za poboljšanje blagostanja životinja o kojima se brinu, kao što su veća staništa, programi obogaćivanja i veterinarska nega.

Teško je definitivno reći koji su zoološki vrtovi „najbolji“ na svetu, jer različiti ljudi imaju različite kriterijume u pogledu toga šta čini odličan zoološki vrt. Međutim, evo pet zooloških vrtova za koje se često kaže da su među najboljima:

ZOOLOŠKI VRT U SAN DIJEGU

Zoološki vrt San Dijega smešten je u Kaliforniji, SAD, predstavlja dom za preko 3.500 životinja koje predstavljaju više od 650 vrsta i podvrsta. Poznat je po svojoj obimnoj kolekciji egzotičnih i retkih životinja, uključujući džinovske pande, koale i polarne medvede.

ZOOLOŠKI VRT U SINGAPURU

Singapurski zoološki vrt je svetski park divljih životinja koji sadrži preko 2.800 životinja iz 300 vrsta. Poznat je po ograđenim prostorima otvorenog koncepta i impresivnim eksponatima, koji omogućavaju posetiocima da se izbliza i lično upoznaju sa životinjama.

BERLINSKI ZOOLOŠKI VRT

Berlinski zoološki vrt je najstariji zoološki vrt u Nemačkoj i jedan od najraznovrsnijih na svetu. Dom je za preko 20.000 životinja iz 1.500 vrsta, uključujući retke i ugrožene vrste poput džinovske pande i crnog nosoroga.

ZOOLOŠKI VRT TARONGA

Smešten u Sidneju u Australiji, zoološki vrt Taronga je popularna destinacija i za lokalno stanovništvo i za turiste. Predstavlja dom za preko 4.000 životinja iz 350 vrsta, uključujući domaće australijske životinje poput kengura i koala.

NACIONALNI ZOOLOŠKI PARK SMITSONIJAN

Smešten u Vašingtonu, SAD, Nacionalni zoološki park Smitsonijan je zoološki vrt od 163 hektara koji je deo Instituta Smitsonijan. Dom je za preko 2.700 životinja iz 390 vrsta, uključujući džinovske pande, slonove i gorile.

LET'S GO TO A ZOO!

Zoos are popular tourist attractions, with some of the most visited zoos in the world including the San Diego Zoo, the Smithsonian National Zoological Park, and the Beijing Zoo. Today modern Zoos face ethical and animal welfare concerns, and many have implemented measures to improve the well-being of the animals in their care, such as larger habitats, enrichment programs, and veterinary care.

Evo nekoliko zanimljivih činjenica o zooološkim vrtovima:

-Najstariji zooološki vrt koji i danas radi je Tiergarten Schönbrunn u Beču, u Austriji, a osnovan je 1752. godine.

-Reč "zoo" na engleskom je skraćenica za "zooološki park", što se odnosi na objekat u kome se životinje drže radi javnog izlaganja i obrazovanja.

-Savremeni zooološki vrtovi su evoluirali iz menažerija, koje su bile zbirke egzotičnih životinja koje su držali bogati pojedinci ili članovi kraljevskih porodica za zabavu.

-Zooološki vrtovi danas igraju važnu ulogu u naporima za očuvanje, pri čemu mnogi rade na zaštiti ugroženih vrsta i obnavljanju staništa.

-Pored tradicionalnih izložbi životinja, mnogi zooološki vrtovi sada nude interaktivna iskustva poput obilazaka iza kulisa, susreta sa životinjama i interaktivnih izložbi.

-Prvi javni akvarijum na svetu, Brajtonski akvarijum, otvoren je 1872. godine u Brajtonu u Engleskoj. Sada je poznat kao „Si Lajf Brajton“ (engl. Sea Life Brighton).

-Mnogi zooološki vrtovi i akvarijumi učestvuju u programima uzgoja kako bi pomogli da se osigura opstanak ugroženih vrsta. Neki uspešni primeri ovoga uključuju program uzgoja džinovskih pandi u bazi panda u Čengduu u Kini i kalifornijski program uzgoja kondora u zooološkom vrtu u San Dijegu.

- Zooološki vrt u Bronksu u Njujorku je najveći metropolitanski zooološki vrt u Sjedinjenim Državama i pokriva preko 265 hektara.

It's difficult to say definitively which zoos are the "top" ones in the world, as different people have different criteria for what makes a great zoo. However, here are five zoos that are often considered among the best:

SAN DIEGO ZOO

Located in California, USA, the San Diego Zoo is home to over 3,500 animals representing more than 650 species and subspecies. It is known for its extensive collection of exotic and rare animals, including giant pandas, koalas, and polar bears.

SINGAPORE ZOO

The Singapore Zoo is a world-class wildlife park that features over 2,800 animals from 300 species. It is known for its open-concept enclosures and immersive exhibits, which allow visitors to get up close and personal with the animals.

BERLIN ZOOLOGICAL GARDEN

The Berlin Zoological Garden, also known as the Berlin Zoo, is the oldest zoo in Germany and one of the most diverse in the world. It is home to over 20,000 animals from 1,500 species, including rare and endangered species like the giant panda and the black rhinoceros.

TARONGA ZOO

Located in Sydney, Australia, the Taronga Zoo is a popular destination for both locals and tourists. It is home to over 4,000 animals from 350 species, including native Australian animals like kangaroos and koalas.

SMITHSONIAN NATIONAL ZOOLOGICAL PARK

Located in Washington D.C., USA, the Smithsonian National Zoological Park is a 163-acre zoo that is part of the Smithsonian Institution. It is home to over 2,700 animals from 390 species, including giant pandas, elephants, and gorillas.

Here are some interesting facts about zoos:

-The oldest zoo still in operation today is the Tiergarten Schönbrunn in Vienna, Austria, which was founded in 1752.

-The word "zoo" is short for "zoological park," which refers to a facility where animals are kept for public display and education.

-Modern zoos have evolved from menageries, which were collections of exotic animals kept by wealthy individuals or royalty for entertainment.

-Zoos today play an important role in conservation efforts, with many working to protect endangered species and restore habitats.

-In addition to traditional animal exhibits, many zoos now offer interactive experiences like behind-the-scenes tours, animal encounters, and interactive exhibits.

-The first public aquarium in the world, the Brighton Aquarium, was opened in 1872 in Brighton, England. It is now known as the Sea Life Brighton.

-Many zoos and aquariums participate in breeding programs to help ensure the survival of endangered species. Some successful examples of this include the Giant Panda breeding program at the Chengdu Panda Base in China and the California Condor breeding program at the San Diego Zoo.

-The Bronx Zoo in New York City is the largest metropolitan zoo in the United States and covers over 265 acres.

KAKO DA UKRASITE SVOJ BALKON?

Proleće je tu. Stiglo je lepo vreme, koje kao da nas "tera" da izađemo na sunce, jer ono što svi želimo nakon hladne zime je da na svežem vazduhu uživamo u prvim znacima sunca. Proleće i leto je vreme kada najviše vremena provodimo na terasi, bez obzira da li živimo u kući ili stanu. Stoga, upravo su terase i balkoni idealna mesta koje možete pretvoriti u svoje male i opuštajuće oaze, u kojima ćete uživati.

Koristite prirodne materijale

Kako bi ste stvorili umirujuću atmosferu, pri dekorisanju vašeg balkona koristite prirodne materijale kao što su drvo, kamen ili bambus...

Bilo da se radi o manjem ili većem balkonu, uz pomoć mašte i dobre volje možete ga urediti tako da vam izgleda kao mali raj. Ipak, bitno je napomenuti, da uređenje balkona podrazumeva pravilnu organizaciju, kako bi vaš balkon postao prostor za opuštanje i inspiraciju, gde možete uživati u prvoj jutarnjoj kafi ili provesti zalazak sunca nakon još jednog napornog dana.

U nastavku teksta pročitajte nekoliko zanimljivih predloga kako da to i postignete. Međutim, iako postoji mnogo načina da ukrasite balkon, imajte u vidu da sve zavisi prvenstveno od vas samih, vašeg stila i preferencija. Stoga, mi vam predlažemo nekoliko ideja za početak:

Biljke

Balkoni su odlični za ozelenjavanje vašeg životnog prostora. Pa stoga, vaš balkon možete oplemeniti biljkama u saksiji, visećim biljkama ili čak vertikalnom baštom. Iako smo možda navikli da jorgovan, ruže, lavandu i druge cvetne žbunove zamišljamo najpre u bašti, ove vrtne dragulje možete gajiti u saksijama na balkonu, naravno pod uslovom da im pružite odgovarajuću negu. Imajte u vidu, da kada birate biljke da to budu one biljke koje uspevaju u količini sunčeve svetlosti koju vaš balkon prima.

Napravite udoban prostor za sedenje

Dodajte neki udoban baštenski nameštaj, kao što je stolica ili mala sofa na svoj balkon. Takođe možete dodati neke jastuke ili navlake kako biste ga učinili privlačnijim.

Osvetljenje

Ukoliko želite toplu i privlačnu atmosferu na vašem balkonu to možete postići dodavanjem osvetljenja. Lampe ili fenjeri mogu učiniti vaš balkon svetlim i prijatnim, dok zidne svećnjaci mogu izgledati moderno. Takođe, prijatna atmosfera može se postići i toplom belom svetlošću spoljašnje zidne rasvete.

Koristite prostirke

Dodavanjem tepiha može učiniti da se vaš balkon više oseća kao produžetak vašeg doma. Stoga, odaberite prostirku koji može da izdrži spoljašnje uslove, odnosno onu koja je otporna na vremenske uslove.

Slike i fotografije

Kako biste svom balkonu dodali lični pečat, možete da na zidove balkona okačite neku umetničku sliku ili fotografiju.

Zapamtite, najvažnije je da vaš balkon učinite prostorom u kojem uživate da provodite vreme. Zabavite se sa dekorom i učinite ga svojim!

DO IT YOURSELF

HOW TO DECORATE YOUR BALCONY?

Spring is here. The nice weather has arrived, and it seems to be “forcing” us to go out in the sun, because all we want after a cold winter is to enjoy the first rays of sunshine in the fresh air. Spring and summer are the seasons when we spend most of our time on the balcony, whether we live in a house or an apartment. Therefore, terraces and balconies are ideal places that you can turn into your own small and relaxing oases that you will enjoy.

Use natural materials

In order to create a soothing atmosphere, use natural materials such as wood, stone or bamboo when decorating your balcony...

Whether you have a smaller or a larger balcony, with the help of imagination and good will, you can decorate it to look like a small paradise. Nevertheless, it is worth noting that decorating the balcony implies proper organization, so that your balcony can become a space for relaxation and inspiration, where you can enjoy your morning coffee or enjoy the sunset after another exhausting day.

Read below some interesting suggestions for achieving this. However, although there are many ways to decorate your balcony, keep in mind that everything depends primarily on you, your style and preferences. Therefore, we are suggesting a few ideas to get you started:

Plants

Balconies are great for adding some greenery into your living space. Therefore, you can liven up your balcony with potted plants, hanging plants or even a vertical garden. Although we may be used to picturing lilacs, roses, lavender and other flowering shrubs mostly in the garden, you can grow these garden gems also in pots on the balcony, on condition, of course, that you give them proper care. When choosing plants, keep in mind to pick those plants that thrive in the amount of sunlight that your balcony gets.

Lighting

If you want a warm and inviting atmosphere on your balcony, you can achieve that by adding lighting. Lamps or lanterns can make your balcony bright and cozy, while wall sconces may look modern. A cozy atmosphere can also be achieved with outdoor warm white lighting.

Use rugs

Adding a rug can make your balcony feel more like an extension of your home. Therefore, choose a rug that can withstand outdoor conditions, that is, one that is weather resistant.

Create a cozy seating area

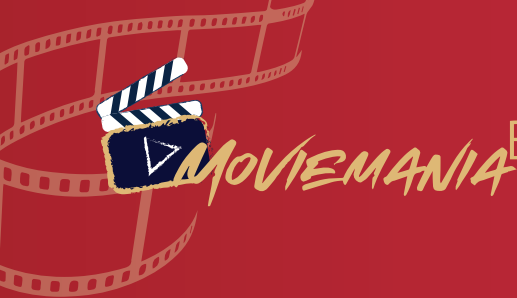

Add some comfortable garden furniture, such as a chair or a small sofa, to your balcony. You can also add some cushions or covers to make it more eye-catching.

Pictures and photographs

In order to add a personal touch to your balcony, you can hang art or photographs on the balcony walls.

Remember, the most important thing is to make your balcony a space where you enjoy spending time. Have fun with your decor and make it your own!

Berlinski Filmski Festival je osnovan 1951. godine, nakon završetka Drugog svetskog rata. Cilj festivala je bio da promoviše međunarodno razumevanje i kulturnu razmenu putem bioskopskog medija. Prvo izdanje festivala održano je u junu 1951. godine i na njemu su učestvovala 22 zemlje. Statueta Zlatni medved je najprestižnija nagrada koja se dodeljuje na Berlinale. To je glavna nagrada festivala i dodeljuje se za najbolji film među naslovima koji se takmiče. Zlatni medved je prvi put dodeljen 1951. godine, kada je Berlinale još uvek bio relativno nov filmski festival. Dizajnirala ga je nemačka umetnica Rene Sintenis i prikazuje stojećeg medveda raširenih ruku, koji drži venac od lovorovog lišća, koji simbolizuje snagu i odlučnost. Medved je napravljen

THE BERLIN FILM FESTIVAL: A CELEBRATION OF INTERNATIONAL CINEMA

The Berlin International Film Festival, also known as the Berlinale, is one of the world's most prestigious film festivals. Held annually in February, the festival showcases the best of international cinema and attracts film enthusiasts, industry professionals, and media from around the globe.

History

The Berlin Film Festival was founded in 1951, in the aftermath of World War II. The festival's aim was to promote international understanding and cultural exchange through the medium of cinema. The first edition of the festival was held in June 1951 and was attended by 22 countries. However, the festival was discontinued for a few years due to financial difficulties, and it was not until 1955 that the festival was officially relaunched as the Berlin International Film Festival.

The Golden Bear Statuette

The Golden Bear statuette is the most prestigious award presented at the Berlinale. It is the festival's top prize and is awarded to the best film among the competing entries. The Golden Bear was first awarded in 1951, when the Berlinale was still a relatively new film festival. It was designed by German artist Renée Sintenis and features a standing bear with outstretched arms, holding a wreath of laurel leaves, symbolizing strength and determination. The bear is made of gold-plated bronze and stands at 35 centimeters tall. The statuette has become a symbol of excellence in international cinema and is highly sought after by filmmakers and industry professionals.

In addition to the Golden Bear, several other awards are presented at the Berlinale, including the Silver Bear for Best Director, Silver Bear for Best Actress, and Silver Bear for Best Actor. There are also awards for Best Screenplay, Best Cinematography, and several other categories.

Significance

The Berlinale is one of the "Big Three" film festivals, along with Cannes and Venice, and it is considered to be the most politically and socially engaged of the three. The festival's programming often reflects its commitment to promoting diversity, human rights, and freedom of expression. One of the most significant events of the festival is the European Film Market (EFM), which takes place alongside the main festival. The EFM is one of the largest film markets in the world, where producers, distributors, and sales agents can buy and sell film rights, meet potential partners, and network with

industry professionals.

The Berlinale is also a key platform for launching new films, and many films that have premiered at the festival have gone on to win major awards and achieve critical and commercial success. Some notable examples include "Taxi Driver" (1976), "The Silence of the Lambs" (1991), and "Brokeback Mountain" (2005).

Highlights

The Berlinale's main competition section, which showcases the most prestigious films of the festival, features around 20 films each year. The festival awards are awarded by a competition jury, which is made up of international film professionals.

One of the festival's most popular sections is the Panorama, which showcases a diverse range of films from around the world, including independent and art-house films, documentaries, and experimental works.

Another highlight of the festival is the Berlinale Special section, which features films that are not in competition but are considered to be particularly significant or important. The section often includes world premieres of highly anticipated films, as well as tributes to acclaimed filmmakers and actors.

In recent years, the festival has also expanded its focus on television series and web content, with the introduction of the Berlinale Series program. The program showcases international series and web content, including premieres, sneak peeks, and panel discussions with creators and actors.

Conclusion

The Berlin Film Festival is a vital and influential platform for promoting international cinema and cultural exchange. With its commitment to diversity, social and political engagement, and artistic innovation, the festival continues to push boundaries and challenge audiences, and it remains one of the most significant events in the global film calendar.

PORODIČNE SOBE: BEZBEDAN I SIGURAN PROSTOR ZA ŽRTVE PORODIČNOG NASILJA

Nasilje u porodici je u međunarodnom pravnom okviru prepoznato kao povreda tri osnovna ljudska prava: Prava na život i bezbednost ličnosti, Prava na jednakost i Zabrana mučenja. Prepoznati žrtvu nasilja u porodici nije uvek lako, ali postoje određene karakteristike koje obično ispoljavaju žrtve nasilja u porodici, one često pate od anksioznosti, depresije i niskog samopouzdanja. Porodično nasilje je ozbiljan problem sa kojim se suočavaju i muškarci i žene, ali je po broju prijavljenih slučajeva svugde u svetu, ipak evidentno da ovaj problem posebno pogađa žene i devojčice.

U cilju rešavanja problema sa kojima se suočavaju žrtve porodičnog nasilja, Kosovska policija nastavlja da sprovedi kampanju podizanja svesti o posledicama porodičnog nasilja. Nasilje ne prestaje bez prijave i reakcije nadležnih organa. Kosovske institucije i davaoci usluga imaju obavezu da spreče nasilje u porodici, upute slučajeve nasilja u porodici Kosovskoj policiji, zaštite žrtve nasilja u porodici, istraže dela nasilja i procesuiraju, te kazne počinioce.

S tim u vezi, Kosovska policija radi na kreiranju Porodičnih soba, odnosno soba za intervju sa žrtvama porodičnog nasilja. Ove sobe se najčešće nalaze u okviru policijskih stanica i predstavljaju specijalno dizajnirani prostor, koji omogućava žrtvama nasilja da u mirnom i opuštenom ambijentu podele svoje traumatično iskustvo sa policijom. Portparol Kosovske policije Daut Hodža, objašnjava da su slučajevi nasilja u porodici osetljivi i pristup policije ovakvim

slučajevima je da spreči nasilje sa jedne strane i ozbiljno tretira slučajeve sa druge. U tome im pomažu i Porodične sobe: "Kosovska policija je kontinuirano saradivala sa relevantnim institucijama na sprečavanju slučajeva nasilja u porodici. Koristimo različite oblike za postizanje ovog cilja, a naš primarni cilj, je da nakon podizanja svesti, dođe i do povećanog broja prijavljivanja slučajeva porodičnog nasilja", kazao je.

Patrolni policajac Siniša Micić, naglašava da razgovor o nasilju u porodici može biti težak, ali da je važno da žrtve znaju da nisu same. Policijska stanica u kojoj radi od nedavno ima specijalan prostor za žrtve porodičnog nasilja: "Naše odeljenje je uspostavilo Porodičnu sobu, poverljivi kutak u kojem možete mirno da ispričate svoju priču. Imajući na umu vašu sigurnost i dobrobit, napravili smo ovaj prostor prema međunarodnim standardima. Posvećeni smo tome da vas saslušamo, zaštitimo i pomognemo vam na bilo koji

način", poručio je žrtvama nasilja.

KFOR, OEBS i EULEX zajedno u borbi protiv porodičnog nasilja

Zajedničkim radom i angažovanjem KFOR-a, OEBS-a, EULEX-a i KP-a može se uraditi mnogo na rešavanju porodičnog nasilja i stvaranju sigurnijeg i bezbednijeg okruženje za sve na Kosovu. A da bi se osiguralo da KP službenici budu efikasno obučeni za korišćenje Porodičnih soba, KFOR, OEBS i EULEX organizovali su im obuke.

Major Miranda ROHNER, savetnica za rodna pitanja u KFOR-u kaže da je upravo prvi intervju u slučaju porodičnog nasilja, ključan za otvaranje pravnog postupka. Ona je naglasila da obuka ima za cilj poboljšanje profesionalizma KP službenika. Prema njenim rečima, oni su tokom sprovedenog treninga upoznati sa praktičnom metodologijom za sprovođenje intervjua i pripremu policijskog izveštaja, nakon kojeg žrtve imaju bolji pristup pravdi. "Porodične sobe su od suštinskog značaja za pružanje sigurnog i bezbednog prostora žrtvama. Obuka koju KFOR, OEBS i

EULEX pružaju službenicima policije će osigurati da se Porodične sobe koriste na efikasan način. Svaki, intervju mora biti obavljen u bezbednom i sigurnom okruženju, da bi se žrtva osećala što prijatnije", naglasila je major ROHNER. Ona je dodala da se KFOR zalaže za podršku Kosovskoj policiji u borbi protiv porodičnog nasilja i stvaranju bezbednog okruženja za sve ljude na Kosovu, posebno za one koji su najviše ugroženi.

Na kraju dodajmo da je saradnja između KFOR-a, OEBS-a, EULEX-a i KP-a od vitalnog značaja u sprečavanju i suočavanju sa nasiljem u porodici. Njihov zajednički cilj je smanjivanje i sprečavanje svih oblika porodičnog nasilja, kao i obezbeđivanje policijske podrške za žrtve i svedoke rodno zasnovanog nasilja i porodičnog nasilja.

Major Miranda ROHNER

Cilj Porodičnih soba je da pruže siguran i bezbedan prostor žrtvama da ispričaju svoje priče službenicima Kosovske policije, a da pritom ne osećaju nikakav pritisak ili društvenu osudu. Važno je da se žrtve osećaju što udobnije, kako bi se mogle otvoriti i podeliti svoja iskustva, što će pomoći vlastima da krivično gone počiniocce. Ove sobe su opremljene po međunarodno priznatim standardima i opremljene sadržajima koji pomažu žrtvama da se osećaju opušteno. Sobe su dizajnirane da budu prijatne i tople, sa ugodnim bojama i udobnim nameštajem. Opremljene su televizorom, stolom za kafu, kaučem i stolicama, dok je jedan ugao sobe namenjen isključivo deci sa igračkama na raspolaganju. Cilj je da im pruže najudobniju i najsigurnu atmosferu, bez obzira na okolnosti ili one koji pričaju svoju priču.

FAMILY ROOMS: A SAFE AND SECURE SPACE FOR VICTIMS OF DOMESTIC VIOLENCE

Domestic violence is recognized in the international legal framework as a violation of three fundamental human rights: the right to life and personal security, the right to equality, and the prohibition of torture. Recognizing a domestic violence victim is not always easy, but there are certain characteristics that domestic violence victims usually exhibit: they often suffer from anxiety, depression, and low self-esteem. Domestic violence is a serious problem faced by both males and females, but according to the number of reported cases around the world, it is evident that this problem mainly affects women and girls.

In order to solve the problems faced by domestic violence victims, the Kosovo Police continues to carry out awareness campaigns on the consequences of domestic violence. Violence does not stop without reporting it, and without a response of the competent authorities. The Kosovo institutions and service providers are obliged to prevent domestic violence, refer cases of domestic violence to the Kosovo Police, protect domestic violence victims, investigate acts of violence, and prosecute violent individuals doing harm.

In this regard, the Kosovo Police are working to create Family Rooms for interviewing domestic violence victims. These rooms are most often located within police stations, and are specially designed premises that allow victims of violence to share their traumatic experience with the police in a safe, quiet, and relaxing environment. Kosovo Police spokesperson Daut Hoxha explains that domestic violence cases are sensitive, and that the approach of the police to such cases is to prevent violence on one hand and treat the cases seriously on the other. Family Rooms also help them in this: "The Kosovo Police has continuously worked together with the relevant institutions to prevent cases of domestic violence. We use different means to achieve this goal, and our primary goal is that after raising awareness, there will be an increase in reporting of cases concerning domestic violence," he said.

Police officer Siniša Micić pointed out that talking about domestic violence can be difficult, but that it is important for victims to know that they are not alone. The police station where he works recently created a special space for domestic violence victims: "Our department has set up a Family Room, a private corner where you can tell your story in peace. Keeping your safety and well-being in mind, we have created this space according to international standards. We are committed to listening to you, protecting you, and helping you in every way," he told victims of violence.

KFOR, OSCE and EULEX Together in the Fight Against Domestic Violence

By working together and engaging KFOR, OSCE, EULEX, and the KP, much can be done to prevent domestic violence and create a safer and more secure environment for everyone in Kosovo. In order to ensure that KP officers are effectively trained to use the Family Rooms, KFOR, OSCE and EULEX

organized specific classes for them.

Major Miranda ROHNER, Chief Gender Advisor of KFOR, says that the first interview in domestic violence cases is crucial for initiating legal proceedings. She emphasized that the training aims to improve the professionalism of KP officers. According to her, during the conducted training, they are introduced to the practical methodology for conducting interviews and preparing a police report, after which victims have better access to justice. "Family rooms are essential in providing a safe and secure space for victims. The training provided by KFOR, OSCE, and EULEX to the KP will ensure that the Family Rooms are used effectively. Every interview must be conducted in a safe and secure environment, in order for the victim to feel as comfortable as possible," Major ROHNER underscored. She added that KFOR is committed to supporting the Kosovo Police in fighting domestic violence and creating a safe environment for all the people in Kosovo, especially for those who are most at risk.

Finally, let us add that cooperation between KFOR, OSCE, EULEX and KP is vital in preventing and dealing with domestic violence. Their common goal is to reduce and prevent all forms of domestic violence, as well as to provide police support for victims and witnesses of gender-based violence and domestic violence.

Family Rooms aim to provide a safe and secure space for victims to tell their stories to Kosovo Police officers without feeling any pressure or social stigma. It is important that victims feel as comfortable as possible so that they can open up and share their experiences, which will help the authorities prosecute those doing harm. These rooms are furnished according to internationally recognized standards and equipped with amenities that help victims feel relaxed. The rooms are designed to be comforting and warm, with pleasant colors and comfortable furniture. They are equipped with a TV, coffee table, couch and chairs while one corner of the room is dedicated exclusively to children with toys available. The goal is to offer the most comfortable and secure atmosphere, regardless of circumstance or those telling their story.

Šta mislite o društvenim mrežama?

Društvene mreže mogu da budu korisne, ali i ponekada i nisu jer služe za neke loše stvari, kao što je na primer širenje mržnje. Tako da je to svakako jedna loša da kažem osobina društvenih mreža. Sa druge strane, smatram ih korisnim jer olakšavaju komunikaciju među ljudima.

Koja je vaša omiljena društvena mreža? Za šta je najčešće koristite?

Moja omiljena društvena mreža je Instagram, takođe i Snapchat. I jednu i drugu mrežu koristim za dopisivanje sa društvom, objavljivanje nekih mojih slika, gledanje priča kao i za praćenje drugih ljudi.

Zašto su društvene mreže važne?

Ono što im je pozitivna strana društvenih mreža je ta da olakšavaju komunikaciju među ljudima. Konkretno meni svakako olakšavaju svakodnevnu komunikaciju sa društvom. Uglavnom se za sve dogovaramo preko društvenih mreža, tako da su važne u životu svakog tinejdžera. Svi mladi danas koriste društvene mreže.

What do you think about social media?

Social media can be useful, but sometimes they are not because they are used for some bad things, such as spreading hatred. So this is certainly a bad, so to say, characteristic of social media. On the other hand, I find them useful because they facilitate communication between people.

What is your favorite social media? What do you most often use it for?

My favorite social media is Instagram, and also Snapchat. I use both of these media to chat with my friends, publish some of my photos, watch stories, and follow other people.

Why are social media important?

The positive side of social media is that they facilitate communication between people. In my particular case, they certainly make everyday communication with my friends easier for me. We mostly make all our plans through social media, so they are important in the life of every teenager. All young people use social media nowadays.

Šta mislite o društvenim mrežama?

Ja mislim da društvene mreže imaju svoje dobre i loše strane. Pomenuću samo jednu od dobrih strana, a to je da same društvene mreže mogu da edukuju a loša strana im je to što se dešava mnogo nasilja, mislim na sažber nasilje koje je moramo da primetimo učestalo.

Koja je vaša omiljena društvena mreža? Za šta je najčešće koristite?

Jedna od mojih omiljenih društvenih mreža je Instagram. Ovu društvenu mrežu koristim svakodnevno. Uglavnom je koristim za dopisivanje sa drugarima, radi lakše i brže komunikacije. Međutim, koristim takođe i TikTok i Snapchat. Na TikTok-u uvek možete pronaći neke zanimljive kratke video klipove.

Zašto su društvene mreže važne?

Evo konkretno na primeru TikTok-a možemo videti koliko same društvene mreže mogu da budu važne, ali i zanimljive i edukativne u isto vreme. Naime, na ovoj društvenoj mreži, može se pronaći dosta videa sa edukativnim sadržajem, razni tutorijali, iz kojih stvarno možemo nešto i da naučimo. Sa druge strane, takođe postoji dosta sadržaja sa mogu slobodno da kažem glupostima.

What do you think about social media?

I think that social media have their good and bad sides. I will only mention one of the good sides, which is that social media can educate, while their bad side is that a lot of violence happens there, I am talking about cyberbullying, which, we can't help but notice, is widespread.

What is your favorite social media? What do you most often use it for?

One of my favorite social media is Instagram. I use this social network every day. I mostly use it for texting my friends, for easier and faster communication. However, I also use TikTok and Snapchat. You can always find interesting short videos on TikTok.

Why are social media important?

Specifically in the case of TikTok, we can see how important social media can be, but also interesting and instructive at the same time. Namely, on this social media, you can find many videos with educational content, different tutorials, from which we can really learn something. On the other hand, there is also a lot of content with, I can safely say, nonsense.

YOUR OPINION ON SOCIAL MEDIA?

ANDRIJA IVANOVIĆ

Šta mislite o društvenim mrežama?

Generalno o društvenim mrežama mislim da su korisna stvar. Naravno, ukoliko se iskoriste na pravi način. Mada u današnje vreme sve se više koriste za zabavu i neku korist nego za edukaciju ili pak nešto korisno. Ako se pametno koriste mogu biti veoma dobre i korisne, što znači da sam biraš šta želiš.

Koja je vaša omiljena društvena mreža? Za šta je najčešće koristite?

Moja omiljena društvena mreža je YouTube, zbog raznovrsnog sadržaja koja ova platforma nudi. Od zabavnog, edukativnog, informativnog i ostalog sadržaja koji možemo pronaći na YouTube-u. Koristim naravno i Fejsbuk i Instagram i sve društvene mreže koje su aktuelne ali manje, jer sve što me zanima mogu pronaći na YouTube-u u vidu video klipova.

Zašto su društvene mreže važne?

Osim što su korisne u smislu sticanja novih znanja, takođe preko društvenih mreža je moguće i zaraditi novac ili za nas džeparac. Moguće je takođe zaraditi i neku ozbiljnu svotu novca. Postoje mnogi tutorijali na YouTube-u koji su korisni i uvek možeš nešto novo da naučiš, čak je i lakše razumeti ih jer su u video formatu a ne u štampanom obliku.

What do you think about social media?

In general, I think that social media are useful. Of course, on the condition that they are properly used. Although, nowadays they are used more and more for entertainment and to gain benefits, rather than for education or something useful. If used wisely, they can be very good and useful, which means that we are the ones who choose what we want.

What is your favorite social media? What do you most often use it for?

My favorite social media is YouTube because of the variety of content that this platform offers, including entertaining, educational, informative and other content that we can find on YouTube. Of course, I also use Facebook and Instagram and all social media that are current, but less so, because I can find everything that I am interested in on YouTube in the form of video clips.

Why are social media important?

In addition to being useful in terms of acquiring new knowledge, we can also earn money or pocket money through social media. It is also possible to earn some serious money. There are many tutorials on YouTube that are useful and you can always learn something new, they are even easier to understand because they are in video format and not in printed form.

Šta mislite o društvenim mrežama?

Ja smatram da društvene mreže mogu da budu korisne za dobijanje nekih informacija, ali isto tako mislim da mogu da budu i štetne. Preko društvenih mreža može da se vrši manipulacija, da se vrši neki vid nasilja ili pritiska. Svedoci smo u današnje vreme da to, kako ga neki nazivaju i onlajn nasilje nije retkost.

Koja je vaša omiljena društvena mreža? Za šta je najčešće koristite?

Od društvenih mreža koristim samo Instagram i nijednu više mrežu. Instagram koristim svakog dana i uglavnom mi služi za komunikaciju sa drugarima iz škole, ali i generalno kao vid komunikacije sa ostalima. Takođe, na Instagramu pratim i neke zanimljive objave i profile, tako da mi i za to služi.

Zašto su društvene mreže važne?

Prema mom mišljenju važne su jer je preko njih moguće lakše doći do neke informacije koja te zanima. Takođe, društvene mreže služe i za edukaciju, postoji mnoštvo edukativnog sadržaja, tako da uvek je moguće nešto novo naučiti. Ipak, među mojim vršnjacima društvene mreže su važne jer predstavljaju vid komunikacije koji koristimo svakodnevno.

What do you think about social media?

I think that social media can be useful for getting some information, but I also believe that they can be harmful. Social media are used for manipulation, some forms of violence or pressure. We are witnessing nowadays that online violence, as some call it, is not uncommon.

What is your favorite social media? What do you most often use it for?

From social media, I only use Instagram and no other networks. I use Instagram every day, mainly to communicate with school friends, but also generally as a means of communication with others people. Furthermore, I follow some interesting posts and profiles on Instagram, so this is also what I use it for.

Why are social media important?

In my opinion, they are important because they make it easier for us to get information we are interested in. Also, social media are used for learning, since there is a lot of educational content, so it is always possible to learn something new. Nevertheless, among my peers, social media are important because they are a form of communication that we use every day.

Zapamti, izbor karijere je proces i u redu je istražiti različite opcije pre nego što se odlučiš za određeni razvoj karijere. Budi otvorenog uma i ostani proaktivan u istraživanju svoje karijere kako bi pronašao put koji te ispunjava i nagrađuje.

Odabir prave karijere nakon mature može delovati zastrašujuće, ali evo nekoliko saveta koji će vam pomoći da donesete informisanu odluku:

- Počnite razmišljanjem o svojim interesovanjima, veštinama, vrednostima i ličnim osobinama. U čemu uživaš? U čemu si dobar? Šta te motiviše? U kakvom radnom okruženju najbolje funkcionišeš? Razumevanje sebe može ti pomoći da pronađeš karijeru koja je u skladu sa tvojim prednostima i interesovanjima.

- Kada shvatiš koji su tvoji kvaliteti i interesovanja, napravi istraživanje karijera koje odgovaraju tim kriterijumima. Potraži informacije o radnim obavezama, plati, neophodnom obrazovanju i izgledima za posao.

- Razgovaraj sa ljudima koji rade u oblastima koje te zanimaju, kao što su bivši studenti, profesori ili stručnjaci u tvom krugu poznanika. Pitaj ih o njihovim radnim obavezama, radnom okruženju i kako su započeli svoju karijeru. Ovo ti može pomoći da stekneš uvid u to kakve su različite profesije u realnosti, kao i da doneseš informisanu odluku.

- Razmisli o stažiranju, volontiranju ili honorarnim poslovima u oblastima koje te zanimaju. Ovo ti može pomoći da stekneš praktično iskustvo i uvid u različite profesije. Takođe ti može pomoći da izgradiš svoju mrežu i razviješ veštine koje su relevantne za karijeru koja te zanima.

- Kada utvrdiš karijeru koja je u skladu sa tvojim interesovanjima i veštinama, postavi konkretne, merljive ciljeve koji će ti pomoći da tu karijeru i ostvariš. To može podrazumevati i dalje obrazovanje ili obuku, sticanje relevantnog iskustva ili razvijanje posebnih veština.

IT'S GRADUATION TIME!

Many jobs require a high school diploma as a minimum educational requirement. Graduating from high school opens up a wide range of career opportunities for teenagers, including entry-level positions in various fields.

Graduating from high school is an important milestone in a teenager's life and can boost their self-esteem and confidence. It also provides an opportunity to develop important life skills, such as time management, goal setting, and problem-solving. These skills and knowledge are important for success in higher education, job training, and the workforce.

High school provides teenagers with a social environment where they can develop friendships, learn how to work collaboratively with others, and participate in extracurricular activities that can help them build skills and explore their interests. Overall, graduating from high school is a significant achievement that can provide teenagers with a strong foundation for future success in both their personal and professional lives. It is a prerequisite for pursuing higher education, such as college or vocational training. A high school diploma is often required for admission to college and for eligibility for financial aid.

Graduation ceremonies and parties
Graduating is a significant and exciting milestone that is often accompanied by a range of interesting traditions and celebrations. Many schools have unique traditions associated with graduation ceremonies. For example, some schools have students wear specific colours or symbols to represent their academic achievements or the school's values. The caps and gowns worn during graduation ceremonies have their origins in medieval academic dress. The caps are called mortarboards and are designed to symbolize the scholar's pursuit of knowledge.

Graduation ceremonies often feature speeches from notable individuals, such as the school principal, or a guest speaker. These speeches can be inspiring and provide valuable advice for graduates. At the end of many graduation ceremonies, graduates will throw their mortarboards into the air in celebration. This tradition is believed to have originated in the United States in the early 20th century.

Many graduates celebrate their achievement with parties, dinners, or trips. These celebrations can be a fun way to mark the end of a chapter in their lives and to look forward to what's next.

Choosing the right career after graduation can be a daunting task, but here are some tips to help you make an informed decision:

- Start by reflecting on your interests, skills, values, and personality traits. What do you enjoy doing? What are you good at? What motivates you? What kind of work environment do you thrive in? Understanding yourself can help you identify careers that align with your strengths and interests.

- Once you have a sense of your strengths and interests, research careers that match those criteria. Look for information on job duties, salary, education requirements, and job outlook.

- Talk to people who work in fields that interest you, such as alumni, professors, or professionals in your network. Ask them about their job duties, work environment, and how they got started in their careers. This can help you gain insight into the realities of different professions and help you make an informed decision.

- Consider internships, volunteering, or part-time jobs in fields that interest you. This can help you gain practical experience and insight into different professions. It can also help you build your network and develop skills that are relevant to your career of interest.

- Once you have identified a career path that aligns with your interests and skills, set specific, measurable goals to help you achieve that career. This might include pursuing additional education or training, building relevant experience, or developing specific skills.

Remember, choosing a career is a process, and it's okay to explore different options before settling on a specific path. Keep an open mind and stay proactive in your career exploration to find a path that is both fulfilling and rewarding.
